Acknowledgement

One can get considerable satisfaction only when some positive efforts are translated into some concrete things. It is really a very pleasant task of acknowledge for the help we have received while developing this system. We extend our sincere thanks to our college “Som-Lalit Institute of Computer Application (SLICA)”, our respected principal Mr. K. J. Patel, our respected faculties for giving us the golden opportunity to work on the project of “Click 2 Eat for La maion Cafe” by providing us their precious time, deep and valuable knowledge to make project a success. We extend our warm thanks to our project guide Prof. Rachna Gendiwal for her guidance and constant encouragement throughout the semester by providing their valuable time, advices for various problems whenever we needed for deciding the objectives of our report. We extend our grateful thanks to Mr. Flavein, the owner of “La maison”, for providing us the opportunity to work for their software creation We express our thanks to our classmates and other external sources who helped us directly or indirectly.

Mr. Daksh Patel

Mr. Ranveer Patel

Mr. Naim Shaikh

Introduction

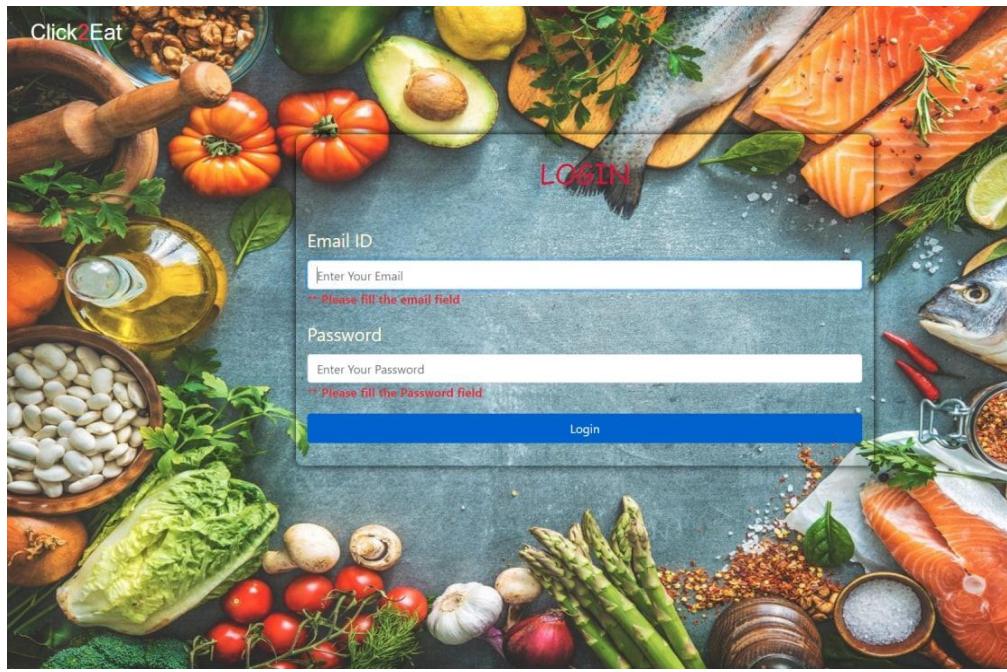

- Click 2 Eat system will be a web-based application which will allow customer to place the order online from their device without any help of waiter in the restaurant.
- Basically, Customer can simply access online menu by scanning QR code which will be available in every table or by accessing link available in restaurant's Wi-Fi.
- They want to make their Restaurant more systematic.
- We are replacing the entire manual system.

SLICA Click2Eat

Here user can update the menu name.

The screenshot shows the Click2Eat application interface. On the left is a dark sidebar with white text and icons, listing various management functions: Dashboard, Manage-Users, Manage-Menu, Items Types, Manage-Offer, Manage-Order, View-Payment-Details, Manage Raw-Materials, Manage Reports, Feedback, Raw material, Offer, Complaint, and Orders. The 'Dashboard' item is highlighted with a white background. The main content area has a light gray header with the text 'Home'. Below this is a 'Menu Edit' form. The 'Menu Name' field contains the text 'Desserts'. The 'Area Name' field contains the text 'DESSERTS'. At the bottom of the form is a red 'Update' button. In the top right corner of the main window, there is a user profile icon labeled 'admin'.

Item Types

Admin can add the items change the types of the items.

Menu Name	Items Name	Items Price	Item Images	Status	Actions
Savoury Things	French Apple PIE	₹ 290		active	
Savoury Things	Antipasti Bruschettas	₹ 290		active	
Savoury Things	Mediterranean	₹ 290		active	
Savoury Things	French Baguette Sandwich	₹ 290		active	
Savoury Things	Dips Platter	₹ 480		active	
Savoury Things	Spaghetti Bolognese	₹ 380		active	
Savoury Things	Avocado Toast	₹ 350		active	
Desserts	Ice Cream	₹ 300		active	
Desserts	Cold Drink	₹ 100		active	

Adding new items form with validation

The screenshot shows the Click2Eat application interface. On the left is a dark sidebar with various menu items like Dashboard, Manage-Users, Manage-Menu, etc. The main area has a 'Home' tab selected. A modal window titled 'Add Items' is open, prompting for item details. The 'Items Name' field is empty and has a red validation message: '** Please enter itemname'. The 'Items Price' field is also empty and has a red validation message: '** Please fill the price'. Below these fields is a 'Choose File' button with the placeholder 'No file chosen'. The 'Menu Name' dropdown is set to 'Desserts'. At the bottom of the modal are 'Submit' and 'Close' buttons. In the background, there's a table listing items like Spaghetti Bolognese, Avocado Toast, and Ice Cream, each with a status column ('active') and edit/delete icons.

Manage Raw Material

Admin can see the current status of raw material updated by the chef and make changes to other things of raw material.

The screenshot shows the Click2Eat Admin Panel interface. On the left is a dark sidebar with white icons and text, including 'Dashboard', 'Manage-Users', 'Manage-Menu', 'Items Types', 'Manage-Offer', 'Manage-Order', 'View-Payment-Details', 'Manage Raw-Materials' (which is highlighted in blue), 'Manage Reports', 'Feedback', 'Raw material' (which is also highlighted in blue), 'Offer', and 'Complaint'. Below the sidebar is the URL 'localhost@click2eat/Admin-Panel/raw_material.php'. The main content area has a header 'Manage Raw-Material' with a search bar containing 'Select Supplier Name' and a 'Search' button. A '+' icon is in the top right of the header. The main table has columns: 'Name of Raw Material', 'Raw Description', 'Qty On Hand', 'Supplier Name', and 'Action'. The table contains the following data:

Name of Raw Material	Raw Description	Qty On Hand	Supplier Name	Action
Peanut butter	organic slices	35	Jethalal	
Multygrain bread	the nutritiouon of multiple grains in one	51	Jethalal	
plant milk	Vegan plant milk	46	Jethalal	
fresh tomato	fresh tomato	66	Tarak Maheta	
cennomon powder	The best cinnamon powder	0	Tarak Maheta	
black dates	The best black dates	67	Tarak Maheta	
Chocolate beans	The rosted chocolate beans	45	Tarak Maheta	
maple syrup	Canadian maple syrups	71	Elon Musk	

Add Raw Material Form with Validation

The screenshot shows the Click2Eat application interface. On the left is a dark sidebar with various menu items. In the center, there's a table titled 'Manage Raw Materials' with columns for 'Name of Raw Material', 'On Hand', 'Supplier Name', and 'Action'. A modal window titled 'Add Raw-Material' is open in the foreground. It contains four input fields: 'Raw-Material Name' (with value '123' and an error message '**Only characters are allowed'), 'Raw-Material Description' (with value 'AB' and an error message '** description length must be between 10 and 1000'), 'Quantity' (with value 'ABC' and an error message '**Only numbers are allowed'), and 'Supplier Name' (with value 'Jethalal'). At the bottom of the modal are two buttons: a green 'Submit' button and a red 'Close' button.

Edit Raw Material Form

This screenshot shows the Click2Eat application interface, similar to the previous one but with different data. The sidebar and table are identical. The modal window is titled 'Raw-Material Name' and contains the following fields: 'Raw-Material Name' (value 'fire', with an error message '** name length must be between 10 and 1000'), 'Raw-Material Description' (value 'it was 100 gram', with an error message '** description length must be between 10 and 1000'), 'Quantity' (value 'abc', with an error message '**Only numbers are allowed'), and 'Supplier Name' (value 'Elon Musk'). At the bottom of the modal is a single red 'Update' button.

Manage Complaints

Admin can view the complaints given by the customer.

Form for Giving Response By Admin To customers

The screenshot shows the Click2Eat admin interface. On the left is a dark sidebar menu with various administrative options like Dashboard, Manage-Users, Manage-Menu, etc. The main area has a header "Give Response to the customer". Below it, a sub-header "View Complaint" is followed by a search bar with "Search" and "elon" entered. A table displays a single row of data:

Complaint	Answer to Customer	Date	Email	Action
Banana bread was stale...	ok sir we will take	2022-01-08	Elon Musk	<input checked="" type="checkbox"/>

Admin can view Feedback Given by Customer

The screenshot shows the Click2Eat Admin Dashboard. On the left, there's a sidebar with various menu items: Dashboard (selected), Manage-Users, Manage-Menu, Items Types, Manage-Offer, Manage-Order, View-Payment-Details, Manage Raw-Materials, Manage Reports, Feedback, Raw material, Offer, Complaint, and Orders. The main content area is titled 'View Feedback'. It features a search bar with dropdowns for 'Select' and 'Search'. Below is a table with two columns: 'Feedback' and 'Customer'. The table contains four rows of feedback entries.

Feedback	Customer
Few chienese items like hakka noodles and noodles were not s...	Harshad Maheta
Custurd apple ice cream was amazing....	Salmon Bhoi
8 cheeze pizza with extra layer was awesome!!!!....	Dheeru bhai Ambani
Paneer butter masala was very tasty...	Naim Shaikh

Admin can make changes to his profile and log out from the system when the work is completed.

The screenshot shows the Click2Eat Admin Dashboard. On the left is a sidebar menu with the following items:

- Dashboard
- Manage-Users
- Manage-Menu
- Items Types
- Manage-Offer
- Manage-Order
- Manage-Supplier
- View-Payment-Details
- Manage Raw-Materials
- Reports
- Complaint
- View Feedback

The main area is titled "Home" and contains six cards:

- Manage-Users: 4 users
- Manage-Menu: 4 items
- Items: 14 items
- Feedback: 8 feedbacks
- View Payment: 1 payment

A user profile for "admin" is visible in the top right corner, with options to "Profile", "Change Password", and "LogOut".

The screenshot shows the "Profile" page. The sidebar menu is identical to the one in the previous screenshot. The main content area is titled "Profile" and contains the following fields:

- Area Name:** bapunagar
- Name:** admin
- Phone Number:** 7845219630
- Email Id:** admin@admin.com
- Password:** *****

A red "Update" button is at the bottom of the form.

New Orders

Here chef can see the new orders given by the customer and necessary details of the customer to inform when order is ready.

The screenshot shows the Click2Eat mobile application interface. The left side features a dark sidebar with a white header containing the Click2Eat logo and the word "Click2Eat". Below the header, there is a navigation menu with four items: "Dashboard" (selected), "New Orders" (highlighted with a blue border), "Prepared Orders", and "Raw-Material Status". The main content area has a header "List of New Order" with a back arrow icon. Below the header is a table with the following data:

Sr No	Order No	Order Date	Customer Email	Status	Action
1	20	2022-03-30	dakshpokar02@gmail.com	New	

At the bottom of the main content area, there is a footer note: "SLICA Click2Eat. All rights reserved."

When the chef will click on green eye icon then system will direct to the page where chef can see what items has to be prepared.

The screenshot shows the Click2Eat mobile application interface. On the left is a vertical navigation bar with a black background and white icons. It includes a logo, the text "Click2Eat", a "Dashboard" button (which is highlighted in white), and other options like "New Orders", "Prepared Orders", and "Raw-Material Status". The main content area has a light gray header with a back arrow, the text "Home", and a user profile icon labeled "chef". Below the header is a section titled "List of New Orders" with a red double-headed arrow icon. To the right of this is a red text label "Total Amount : ₹ 255". A table below lists one new order:

#	Item Name	Item Cost	Total Qunty	Total Amount	Status
1	Caramel Pancakes	290	1	255	New

After seeing the items in the new order chef starts preparing the food. When the food item gets prepared then chef clicks on that red status button to transfer the order from new order to prepared order

Prepared Orders

Those orders are recorded in this form which are prepared by chef and chef changes the status to prepared from new.

The screenshot shows the Click2Eat application interface. On the left is a dark sidebar with a logo and the text "Click2Eat". Below it are four menu items: "Dashboard", "New Orders", "Prepared Orders" (which is highlighted), and "Raw-Material Status". The main content area is titled "Home" and contains a table of prepared orders. The table has columns for Sr No, Order No, Order Date, Customer Email, Status, and Action. All 9 rows show the status as "Prepared" and the action as a blue eye icon. A header bar at the top of the content area includes a "chef" profile icon and a message: "To exit full screen, move mouse to top of screen or press F11". At the bottom of the content area, there is a footer note: "SLICA Click2Eat. All rights reserved."

Sr No	Order No	Order Date	Customer Email	Status	Action
1	1	2022-03-27	dakshpokar02@gmail.com	Prepared	
2	6	2022-03-27	leaptop@gmail.com	Prepared	
3	9	2022-03-27	admin@admin.com	Prepared	
4	10	2022-03-27	khan@gmail.com	Prepared	
5	11	2022-03-27	dakshpokar02@gmail.com	Prepared

8	14	2022-03-27	admin@admin.com	Prepared	
9	16	2022-03-27	ashishvadhava5000@gmail.com	Prepared	

The screenshot shows a detailed view of prepared orders. The left sidebar is identical to the previous screenshot. The main content area is titled "List of Prepared Orders". It displays a table with two rows of data. The table has columns for #, Order No, Item Name, Total Quantity, Total Amount, and Status. The first row shows an order with Order No 1, Item Name "Fresh Fruit Salad", Total Quantity 1, Total Amount 220, and Status "Prepared". The second row shows an order with Order No 1, Item Name "Caramel Pancakes", Total Quantity 1, Total Amount 255, and Status "Prepared". Above the table, the text "Total Amount : ₹ 475" is displayed in red. A back arrow icon is located to the right of the table.

#	Order No	Item Name	Total Quantity	Total Amount	Status
1	1	Fresh Fruit Salad	1	220	Prepared
2	1	Caramel Pancakes	1	255	Prepared

Raw Material Update

The screenshot shows a user interface for managing raw materials. On the left is a dark sidebar with a logo, the text "Click2Eat", and three menu items: "Dashboard", "New Orders", "Prepared Orders", and "Raw-Material Status". The main area has a header "List of Raw Materials" with a back arrow icon. It contains a table with the following data:

Raw material id	Raw description	Raw material name	Total quantity	Used quantity	Quantity on hand	Action
1	organic slices	Peanut butter	80	45	80	<input checked="" type="checkbox"/>
2	the nutritiuon of multiple grains in one	Multygrain bread	80	29	80	<input checked="" type="checkbox"/>
3	fresh tomato	fresh tomato	80	8	80	<input checked="" type="checkbox"/>
4	The best cennamon powder	cennomon powder	80	45	80	<input checked="" type="checkbox"/>

Report Layouts

Feedback Report

The screenshot shows a web-based reporting application interface. The top navigation bar is dark grey with the text "PHP Report Maker 12". Below it, a red header bar contains the title "feedback report" and a breadcrumb trail "feedback / feedback report". The main content area has a white background. On the left, a sidebar menu lists "feedback" and "feedback report", with "feedback report" highlighted by a red box. The main content area features a search bar with fields for "feedback id" and "Customer cus id", and search operators "and" or "or". A "Search" button is located below the search bar. The central part of the screen displays a table with 10 rows of data. The table has three columns: "feedback id", "Customer cus id", and "date". The data is as follows:

feedback id	Customer cus id	date
1	0	03/27/2022
2	2	01/28/2022
3	3	01/29/2022
4	4	01/30/2022
5	5	01/30/2022
6	6	01/30/2022
7	7	01/31/2022
8	8	02/01/2022
9	9	02/06/2022
10	10	02/12/2022

At the bottom of the table, there is a footer bar with the text "Records 1 to 10 of 10" and a dropdown menu showing "11".

Supplier Report

The screenshot shows a web-based reporting application titled "PHP Report Maker 12". The main title is "supplier report". On the left, there's a sidebar with "supplier" and "supplier report" options. The main content area has a search bar with fields for "supplier id" and "supplier name", and radio buttons for "and" or "or". Below the search is a "Search" button. The main table lists 11 suppliers:

supplier id	supplier name	supplier email	supplier mo no
1	Harshad Maheta	arvindp1223@gmail.com	2,147,483,647
2	Narendra	narendra@gmail.com	789,451,200
3	Shardda Kapoor	abc@gmail.com	2,147,483,647
4	Elon Musk	elon@gmail.com	2,147,483,647
5	Jeff Bezos	jeff@gmail.com	2,147,483,647
6	Parvesh Khan	parvesh2322@gmail.com	2,147,483,647
7	Monty Farnandez	monty2343@gmail.com	2,147,483,647

9	Abdulnaim Kasim	abdul2naim3@gmail.com	2,147,483,647
10	Rahul Rai	rahul2311@gmail.com	2,147,483,647
11	Salmon Bhai	salmon@gmail.com	2,147,483,647

At the bottom, it says "Records 1 to 11 of 11" and has a page number "11".

**All the reports of our system can be printed,
converted into PDF and can convert in excel
sheet also.**

CONCLUSION

The “Click 2 Eat” application will be developed by us through applying our knowledge gained in class room, referring to certain book, browsing some sites and through the help of internal faculties and using our knowledge related to the subject itself.

No project can be termed as ‘perfect’ in the real sense and there always remains scope for further improvement and so that helps to develop a new version. We are always eager to know some new points and it will help us to create new version.

We would like to thank the project guide and organization staffs that extend all their support and helped us to complete this work.
